

# Rainbow Cupcakes!

## What You'll Need:

1 box of white cake mix  
3 eggs  
1/4 cup of vegetable oil  
1 cup of water  
Cupcake pan  
Rainbow cupcake liners  
5 small bowls  
5 Spoons

red food coloring  
blue food coloring  
green food coloring  
yellow food coloring  
Cupcake toppers  
Frosting  
Sprinkles

## Directions:

Preheat an oven to 350 degrees. Line two 12 cup muffin pans with paper cupcake liners. Follow directions on cake box for creating cupcake batter.

Divide the cake batter into five separate bowls. Add a few drops of food coloring into one bowl of batter and stir; add more food coloring, if necessary, to reach the desired shade. Repeat with the remaining colors and bowls of batter. Yellow generally doesn't show up the best, so we recommend red/pink, orange, green, blue, and purple.

Using a different spoon for each color batter, spoon a **small** spoonful of each color into the cupcake liners, until 1/2 to 3/4 full. Do not mix the batter once it is in the cupcake liner. Bake in the preheated oven until a toothpick inserted into the cake comes clean, about 15 to 20 minutes.
