

Queer Campus Coalition

Spring 2023 Goal

Today's Date _____

Goal

Keep it clear and simple. Check: Is it attainable? Is it measurable?

Statement of urgency

Why is it important for this goal to be met by the end of spring 2023?

Measures of success

How will progress be recognized and measured? These measures will help your group acknowledge successes and identify barriers.

Primary barriers

What challenges might get in the way of achieving this goal? (e.g. administrative buy-in, group cohesion, support from students outside the group, funding)

Who should be involved?

Working as a group towards goals builds future leadership, limits burnout, and expands the entire group's campus presence. Think broadly and creatively about who else might be invested in the group's goal.
